

CDBG-R March 31, 2010 Quarterly Report

Green Jobs Training Program

Instructors at the Athens Technical College Green Jobs Training program have just recently completed necessary training through the Florida Solar Energy Center.

Low Flow Toilet Retrofit Program

ACTION Inc. developed program policies and procedures relating to Low Flow Toilet Retrofit program including the procurement, environmental review and income/occupancy eligibility requirements for CDBG-R (ARRA). Seven units are in process for April. No units have been installed to date, but ACTION has compiled a waiting list of approximately 60 applicants currently being evaluated for eligibility and proceeding with the environmental review requests and procurement process.
