Herbert Road Home Invasion

On 05/19/2017 at around 12:00 am officers were dispatched to a residence off Herbert road in reference to a home invasion. When they met with the victim, he stated that he had made arrangements to meet with a woman at his residence. When the suspect, who was described as a black female, arrived at his home, she was invited in. Shortly after, the suspect opened the victim's front door and allowed a white male into the victim's house. The white male was wearing all black clothing and had his head and face covered by a mask. The male pointed a handgun at the victim's face and demanded money. The female suspect pulled the victim's pants and underwear off and took them. The male suspect slapped the victim's phone out of his hand and picked it up as he and the female suspect left the house. The victim stated he was very afraid so he went to the rear of the house to hide. He then heard two gun shots out in the front yard, and called 911 using a different cell phone. There was fifty dollars in cash in the pocket of his pants that were taken. Investigators did find brass casings on the ground in the driveway.
