Athens Area Teacher Reuse Store

The Teacher Reuse Store is a unique collaboration of business, industry, non-profits and government that work together to collect usable materials that may have otherwise been discarded, and offer them to local teachers and schools at no cost. This project supports REUSE, reduces the amount of waste disposed of in our landfill, and also supports our local educational community.

Donations: Discards from Businesses, industry, remodels, graduations and retirements are all great sources of materials!

We encourage donors to rethink your “waste” for creative reuse for underfunded classrooms in our communities.

The Teacher Reuse Store can accept a variety of items including traditional and non-traditional office supplies, misprints, outdated company promo items, partial cuts of paper.

Items not necessarily viewed as usable become valuable resource when accumulated and put in the hands of creative minds (think thousands of pop tops, bottle caps, packing peanuts, or industrial overs or scraps). Items can be used for arts and crafts, math counters, science experiments, or storytelling.

All donations are tax deductible through our non-profit partners.

If you are interested in donating items to the reuse store, or would like more info, please contact the Athens-Clarke County Recycling Division:
